were more conspicuous by their absence than the cows. Seven entries only out of a census return of 720. The exhibition did census return of 720. The exhibition did not exceed the entries. Butter well repre-sented by a large number of excellent speci-mens. Cheese but one entry exhibited. Vegetables, a good display of, espacially po-tatoes, excellent specimens were shown and large yields reported. Fruit, considering the season was in fair dualay. Good speci-

the season was in fair display. Good speci-mens of grain of the various kinds were shown. Flowers, domestic manufactures, and fancy articles made a very attractive exhibition in the hall.

The second day was devoted to the exhibition in the second day was devoted to the exhibition in the second day was devoted to the exhibition in the second day was devoted to the exhibition.

One very noticeable feature of the Society's grounds, was the track for trotting purpores; it was entirely grassed over, giving conclusive evidence that the Fair of this Society is entirely an agricultural one, that the horse trot is at the lowest minimum.

One violation of the rules of the board was noticed. The removal of stock from the grounds before three o'clock. Shortly after two o'clock your delegate saw cattle leaving the grounds. Upon inquiry of the superintendent of cattle he said it was by his permission. His attention was called to the make sugar before the office of the board. He said he was aware of it, but the owners were some distance from o'clock. The removal of stock from the grounds. Upon inquiry of the superintendent of cattle he said it was by his permission. His attention was called to the rules of it, but the was aware of it, but the owners were some distance from o'clock. Shortly after two o'clock, your delegate saw cattle leaving the grounds. Upon inquiry of the superintendent of cattle he said it was by his permission. His attention was called to the rules of the board. He said he was aware of it, but the owners were some distance from the properlate in their foliage.

This is certainly erroneous, and the sooner we shall begin to realize the productive resonance of our lands and employ our idle laborers in our own fields instead of their necessaries. The motion prevails the tribe, the linesage, and the sire, whom to resorte fully to select the breeding stock, to note the duration that it does not kill the trees, though perhaps they may be injured in their foliage.

On the tents—commended four tons to the duration that it does not kill the trees, though perhaps they may be injured in their foliage.

**NEWS SUMMARY.** 

— It has been admitted by an army official that out of 3000 miles purchased for the Egyptian campaign of 1882, 1800 were either found to be unfit for service or were disabled by the use of the barbarously large branding irons, or arrived too late to be of any use.

— The Bishop of Liverpool said, in his sermon preached at the Wyclyffe festival in London, last week,—"Wyclyffe was the first Englishman or maintain the supremacy of the Serribures. To

— A single company in Connecticut manufactures nearly all the licorice used in this country, amounting to 17 million pounds a year. All but a million and a half pounds goes into tobacco.

— The sum total of \$15,720 was realized from a single whale caught by the crew of a New London vessel at Cumberland Inlet. It is the largest sum ever known to have been yielded by a single whale.

— The Worcester Sportsmen's Club had great luck at their annual spring fishing, last week, nearly all the trout brooks within fifty miles being laid under contribution.

— In the new parior of the Pennsylvania Railroad, and the stream ingrants are on their works within the country. The Potter funding bill, in the hands of the Ways and Means committee, proposes and it is feared fatally burned by her clothing igniting while extinguishing a fire which boys had set in the stream in the back yard. The residence of Hon. H. G. Root of Bennington, Vt., was partially destroyed by fire Monday afternoon. Most of the contents were removed. A defective chimney was the cause of the fire. Fully insured.

### IN SEARCH OF GOLD. JOURNAL OF INCIDENTS ON LAND

AND SEA.

several of us tried to ascend to the crates this was hard work as the cinders gave way beneath our feet, cutting our boots badly. Jim was the only one that succeeded in atdead,—
Your deeds still live on, and will not be forgotten,
While our glerious banner shall float over
head;
Red as the blood you spilled to defend it,
White as your faces when laid 'neath the sod,
Blue as the dome of the heaven you entered,
When your sorely tried spirits returned to
their God.

The years are fast flying, OI Silent Grand Army,
Not long ere the last who is living to day
Will be cradled so gently in Mother Earth's
bosom,

green color and it is very deep, and yet the bottom can be seen as well as the top. This is quite remarkable; not a flah or a living thing near it.

We are now among the eternal snows.

Here we see it black as night that has laid
there for centuries; some five or six miles
has been thrown into every shape conceiva-

bas been threwn into every shape conceivable, some of the highest points covered with
recent anow falls. It was a most desolate
and lonesome region and the place reminds
me of the "Miner's Lament," a short poem
I saw in a paper printed in Stockton, called
the "Surface Diggings," printed in 1850;
the two first verses I remember quite well.

"High on e rough and dismal crag Where kern might spout, age there's the rub; Where oft no doubt some midnight hag Had danced a jig with Bicelschub. Then wake ye storms, my wild tin pan,

To California and Return 35 Years Ago
BY JUIN PISS.

How sleep the brave who sink to rest

By all their country's wishes blessed! When Spring, with dewy fingers cold,

Returns to deck their hallowed monks

She there shall dress a sweeter sod

Than Fancy's feet have ever trod

By fairy hands their knell is rung.

There Honor comes, a pilgrim gray,

And Freedom shall awhile repair,

To dwell a weeping hermit there

To bless the turf that wraps their clay

TOO MANY FOR THEM

HOW NINE QUARTERMASTERS

SAVED A WHOLE DIVISION.

[National Tribune.]

General Cheatham saw that he was duped; and then, in quite a bland voice, he said, 'Very well, sir; I will report to General Withers.' Saying this, he rode off across the field Saying this, he rode off across the field. He soon met an old gentleman dressed in blue jeans with no insignia of office about him, and a conversation ensued which lasted for some minutes. Then Gen, Cheatham galloped back and said in a tone of voice full of humor, as if he was convulsed at the ridiculousness of his mission: 'Sir, Major General Withers instructs me to say to you that he accepts your surrender on the condi-When the Union army engaged in its fa-

General Withers instructs me to say to you that he accepts your surrender on the conditions named, but regrets there is not a greater number of you?

The train was then brought up into the field, where, in presence of Major General Withers, Bailey reported the terms of capitulation, and heard General Withers give directions to an officer to see that the conditions was strictly carried out after an effect on the strictly carried out after an effect on the strictly carried out. tous race with Bragg's forces, clear across ennessee and Kentucky to the Ohio river, the commissary and transportation depart-ments of General Buell's army became ments of General Buell's army became scattered and more or less lost in the general withers, Bailey reported the terms of capitalistics, and heard General Withers give corganised and commenced to drive Buell's army southward again. The baggage trains were unloaded and the wagons formed into supply trains to furnish the army then allegant to the supply trains to furnish the army then allegant to the supply trains to furnish the army then allegant to the supply trains to furnish the army then allegant to the supply trains to furnish the army then allegant to the supply trains to furnish the army was reorganised and commenced to drive Buell'a supply trains to furnish the army the supply trains to furnish the army the supply trains to furnish the vancing upon Bragg. In the meantime, quite a number of quartermasters, with their seames, helpers and property, accounts, deaks, &co., were leit in Louisville, apparently forgotton by averabody in authorite.

THE SILENT GRAND ARMY.

Now here to compare the control of the rest hereing a tossel, perhaps, we street of the silent position in the street of the control of the control

If Major General Withers was on the ground, and that before he could make terms he downed be obliged to report to him; and a dashing off on a gallop, he suddenly halted, turned back, and said:

"What abali I tell General Withers is the attength of the force you propose to surrender?"

"Oh,' and Bsiley, as if that was a piece of information he, too, had entirely fergotten, 'you may say to Major General Withers that our force consists of nine quartermasters, with nine wagons, three line officers and forty three convaisabent guards?"

At this Gen. Chestham knit his brow, his exclaimed in a voice of anger:

You are in no condition to dictate terms, sir!

Well, sir, I do not know about that;—I do not know about surrendering, sir, if we do not make terms, retorted Bailey, with as much dignity as he could command.

CHEATHAM ACKNOWLEDGES THE CORN.

General Chestham saw that he was dupad; and then, in quite a bland voice, he said, 'Very well, sir; I will report to General Within the lines of the still camping ground, whose there are no many signs left. The boy that where the closing of the sates, brought us to the closing of the sates, brought us to the closing of the sates brought us to the closing of the sates brought us to the closing of the sates, brought us to the closing of the sates brought us to the closing of the sates brought us to the closing of the sates trading days!

'More than you'd think unless you know was a Yankee squaster, and there are not many days to the closing of the sates trading days!

Within the lines of the still camping ground, Where there is no assault, and no retre Unbroken rest and peace at last are found.

sound Their deeds are writ on mem'ry's sacred scroll;

When, at their graves. and hope and love and honor scatter flowers
